Subject: Potential Issue - Need your Feedback: OW talking points on Assumable Waters for Administrator

John,

Allison sent the talking points up to the Administrator's office without our 404 Assumption edits. I asked her to resend with our edits but she said she would need to run them by Dave again and asked if the changes are that important.

While most of the edits were minor I want to call to your attention the ESA bulleted text below. In the meeting I attended on Assumption,

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Let me know if you want to let this go or push for our edits.

If we push Allison said she would defer to you on running the edits by Dave or just sending directly because they are minor but important.

Katherine
